What We Do

DWD

DWD are property advisers, valuation experts and planning consultants to a number of education providers and landlords across the UK.

The team has a wealth of experience of working across the education spectrum from nurseries through to secondary schools, colleges and universities. We understand the sensitivities and complexities involved with this sector.

We are seen as a trusted adviser for our clients who value the experience we bring and our detailed knowledge of the education sector.

We continue to provide tailored solutions to help educational establishments maximise the value and usage of their estate.

Our clients appoint us to work on a variety of projects including:

- masterplanning and the provision of new schools in large urban extensions
- securing change of use planning consent to facilitate the educational use of the building or site
- obtaining planning permission for additional education buildings and for works to alter or extend an existing buildings
- securing listed buildings consent
- valuation advice
- lettings of school buildings
- rating advice
- disposal advice

Dukes Education

Dukes Education is a family of 20 nurseries and 23 schools and colleges with sites across London, Cambridge, Kent and Cardiff. DWD has worked on a number of schools including: The Lyceum School, Rochester Independent College, Cardiff Sixth Form College and Eaton Square school.

The projects included new build development, change of use, extensions and adaptations to listed buildings to provide improved facilities for students.

Cavendish Education

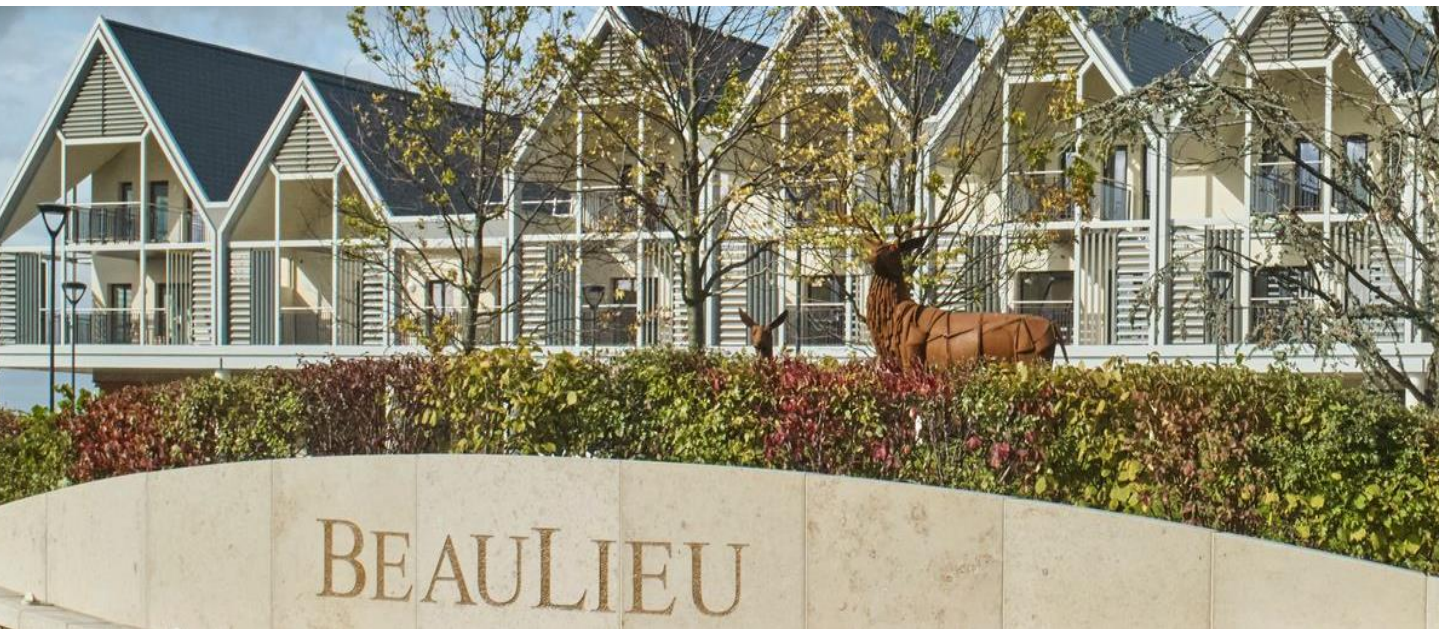

Cavendish Education is a group of 9 independent specialist co-educational day and boarding schools across the UK. DWD has worked on a number of the Cavendish Education portfolio of schools, providing planning consultancy advice. The work has included successful change of use applications to works on listed buildings.

Countryside Properties

DWD has worked with Countryside Properties and L&Q for the last ten years in Chelmsford, Essex to develop a new urban extension known as Beaulieu, to include 3,500 new homes, two nurseries, two primary schools and a secondary school.

Argent Related

DWD act on behalf of Argent Related and are currently advising them on the Brent Cross Town. As part of the regeneration project, DWD obtained reserved matters approval for a new three-form entry primary school within Brent Cross Town.

Southwark Diocesan Board of Education

The Board supports 105 schools academies, colleges and universities across the Diocese. DWD provide a range of business rates and disposal advice to the client.

London Diocesan Board for Schools

The team has provided property advice to the London Diocesan Board for Schools, who have over 160 schools, for a number of years. This has included valuation advice on the overall investment portfolio which includes educational premises. We have also provided valuation advice for a number of different schools.

Twyford Church of England Academies Trust

The Trust based in the London Borough of Ealing comprises of 4 schools. We provided the client with valuations on two academies for accounts purposes.
